Gifted children; a guide for parents and professionals.

Title main entry. Ed. by Kate Distin.

Jessica Kingsley Pub., c2006

978-1-84310-439-1 BF723 \$24.95 (pa)

This resource for parents and educators describes the special social and emotional needs of gifted children and offers a wealth of constructive advice. Fifteen contributions discuss such topics as navigating the school environment, nurturing the talents of musically gifted children, and supporting the social development of gifted children with Asperger Syndrome. All of the authors worked together for many years as volunteer counselors for the National Association for Gifted Children in the UK.
